PLANNING COMMISSION

AGENDA REPORT

MEETING DATE: January 27, 2021

ITEM NUMBER: 6A

To: Chair and Members of the Planning Commission

From: Ron Noda, Acting Deputy City Manager

Subject: Annual Planning Commission Reorganization

SUMMARY

This report provides relevant information for the Planning Commission's annual reorganization, by the election of the Chair and Vice Chair.

RECOMMENDATION

It is recommended that the Los Alamitos Planning Commission nominate and elect:

1. Chair
2. Vice Chair

BACKGROUND

The City's Municipal Code requires that the Traffic Commission select a Chair and a Vice Chair at their regular meeting in January. The City's Municipal Code reads as follows.

"2.48.050 Officers—Election and vacancy.

A. The officers of the Traffic Commission shall consist of a Chairman, a Vice Chairman and a Secretary. The Chairman and Vice Chairman shall be elected annually at the first regular meeting in the month of January, and shall hold office for a term of one year or until a successor is duly elected and qualified. Election shall be by a majority vote cast by those commissioners present and voting at the meeting at which the election is held. Officers shall assume office immediately."

DISCUSSION

After convening the item, procedure calls for the Chair to temporarily relinquish the Chair to the Secretary in order that election for the Office of Chair may be conducted.

The newly-elected Chair would then conduct the election for the Office of Vice Chair. A second is not required for nominations and nominations will be considered in the order received if more than one Commissioner is nominated.

**Subject: Conditional Use Permit (CUP) 20-04
Alcohol Sales, Off-site Consumption In the General Commercial (C-G) Zone**

SUMMARY

Consideration of a Conditional Use Permit for the use of "Alcohol Sales, Offsite Consumption" proposed for 10680 Los Alamitos Blvd. in the General Commercial (C-G) Zoning District (Applicant: Matthew Harrison), APN 242-245-01.

RECOMMENDATION

1. Open the Public Hearing; and,
2. Take testimony; and,
3. Adopt Resolution No. 21-01, entitled, "A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LOS ALAMITOS, CALIFORNIA, APPROVING A CONDITIONAL USE PERMIT (CUP) 20-04 TO ALLOW ALCOHOLIC BEVERAGE SALES FOR OFF-SITE CONSUMPTION AT A 1,180 SQUARE FOOT UNIT IN THE GENERAL COMMERCIAL (C-G) ZONE AT 10680 LOS ALAMITOS BLVD., APN 242-245-01 (APPLICANT: MATTHEW HARRISON)."

APPLICANT

Matthew Harrison

LOCATION

10680 Los Alamitos Boulevard, Los Alamitos CA 90720

ENVIRONMENTAL

The proposed use is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15061(b) (3) – the project is covered by the general

rule that the California Environmental Quality Act (CEQA) applies only to projects, which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

APPROVAL CRITERIA

Los Alamitos Municipal Code (LAMC), Section 17.10.020, Table 2-04 (Allowed Uses and Permit Requirements for Commercial and Industrial Zones) requires Planning Commission approval of a Conditional Use Permit to allow Alcohol Sales, Off-site Consumption use in the C-G zoning district.

NOTICING

The Public Hearing Notice for this meeting was mailed out on January 13, 2021, to property owners and commercial tenants within 500 feet of the subject parcel. Additionally, the Public Hearing Notice was published in the Event News Enterprise on January 13, 2021.

PRIOR ACTIONS

Any prior discretionary action for this particular unit on the parcel is shown below:

None in this unit.

BACKGROUND

The Applicant, Matthew Harrison, has submitted an application for a Conditional Use Permit (CUP 20-04) asking that the City allow an "Alcohol Sales, for Off-site Consumption" use, at the Center Plaza, at 10680 Los Alamitos Boulevard. The business is proposed to be called Roadrunner Spirits. The 1,180 square foot tenant space, a unit in the Center Plaza shopping center, is the past location of "Rascals to Rebels," a children's clothing store.

This application must be reviewed and approved by the Planning Commission in accordance with Los Alamitos Municipal Code Chapter 17.32 (Conditional Use Permits) and Section 17.28.060 (Alcoholic Beverage Retail Sales). In order to approve a CUP for the sale of alcoholic beverages for off-site consumption, the Planning Commission must hold a public hearing and make findings of support for the proposed project. Staff has reviewed the application for consistency with the City's Municipal Code, as well as assessed potential impacts, and believes the findings to approve the proposed CUP application can be made.

DISCUSSION

Here is how the applicant describes the business:

"To create a point of community where those passionate about spirits, wine, and beer can go to purchase hard to find products, discuss techniques, and meet other like-minded people. In the same way that bakers have a place like Sur La Table to fulfill all their needs. Roadrunner Spirits aims to satisfy cocktail enthusiasts, from hobbyists to professional bartenders."

CUP 20-04 – Alcohol Sales Off-site Consumption

Page 3 of 6

Below is the Google Earth view of the parcel.

Location

The proposed unit is noted by the arrow on the above picture in the Center Plaza shopping area located at the southeast corner of Los Alamitos Boulevard and Serpentine Drive, at 10680 Los Alamitos Boulevard. The property to the north of this parcel, separated by Serpentine Drive, contains the new hotel in the General Commercial (C-G) zone. Properties to the east are a parking lot and industrial building in Planned Light Industrial (P-L-I) zoning district. The property to the south contains Ganahl Lumber within the C-G zoning district. To the west, across Los Alamitos Blvd, are Southland Credit Union and shops in the C-G zone.

Staff Discussion

To open a business that sells alcohol for off-site consumption, the applicant must obtain a Conditional Use Permit from the Planning Commission. In addition to the CUP, the applicant will also be required to obtain a type 21 (Off-sale General) liquor license from the California Alcoholic Beverage Control (ABC) and is subject to the development standards set forth in Section 17.28.060 (Alcoholic Beverage Retail Sales), and the regulatory provisions of Chapter 5.08.010 (Alcoholic Beverages Warning Signs) of the Los Alamitos Municipal Code (LAMC).

The hours of operation for the business are proposed to be 2:00 p.m. to 10:00 p.m., Monday through Friday, and noon to 10:00 p.m., Saturday & Sunday. In the beginning, there will be two employees working at once, and then after that, as business dictates.

The Applicant has not owned or managed a liquor store before, but he has managed bars, and was in the hospitality industry for 13 years. His approach for this business is to bring that experience to the space and create a hybridized hospitality/retail store. The floor plan is attached to this report.

The application being considered tonight is for the off-site alcohol sales CUP and whether it is an appropriate use at 10680 Los Alamitos Boulevard. A CUP must be reviewed and approved by the Planning Commission in accordance with LAMC Chapter 17.32 (Conditional Use Permits). In order to approve a CUP, the Planning Commission must hold a public hearing and make findings of support for the proposed project. These findings include: consistency with the General Plan, consistency with the Zoning Code, compatibility with existing and future land uses in the vicinity, physical suitability of the proposed site, and impacts to the public convenience, interest, health, safety, and general welfare. Staff has reviewed the proposal for consistency with the General Plan and LAMC, as well as potential impacts, such as parking and compatibility with surrounding land uses, and believes the findings to approve the proposed CUP can be made.

In addition to the findings required for approval of a CUP under LAMC Chapter 17.32, the retail sale of alcoholic beverages for off-site consumption may only be approved in accordance with LAMC Section 17.28.060 where it is determined that:

- 1) The requested use at the proposed location will not adversely affect the use of a school, park, playground, religious institution, temple, or other place used primarily for religious worship, or similar uses within a 500-foot radius of the property, in or outside the City. **None of these types of uses are within 500 feet of the parcel.**
- 2) The requested use at the proposed location is sufficiently buffered in relation to residentially zoned areas within the immediate vicinity so as not to adversely affect the area. **The nearest residential property is 322 feet to the south. Commercial uses, including the Ganahl Lumber site, and Catalina Street serve as a buffer between the residential property and the proposed use.**

The requested use at the proposed location will not result in an undue concentration of similar premises. A separation of not less than 500 feet, from property line to property line, in or outside the City, shall not be construed as undue concentration. The applicant shall bear the burden of proof that a separation of less than 500 feet does not create an undue concentration of facilities for the sale of alcoholic beverages for off-site consumption within the community. **Other than alcohol sales that are an ancillary use, in shops**

such as “Deux Amls,” or in restaurants, such as Brew Kitchen Alehouse, the property line for this unit is 321 feet from the nearest other alcohol sales retail store, which is “Tubby’s Liquor.” With the other off-site alcohol retailers within less than 500 feet of this project the California ABC will need to make a determination if there is undue concentration. The Applicant is in the application process with ABC currently and ABC has not mentioned anything about undue concentration at the time this was written.

- 3) The requested use at the proposed location will not adversely affect the economic welfare of the community. **It supports economic vitality as it encourages distinctive shopping that attracts consumer spending by residents, workers, and regional visitors.**
- 4) The exterior appearance of the structure will be consistent with the external appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to not cause blight, deterioration, or substantially diminish or impair property values within the neighborhood. **The Shopping Center building looks well-kept and has recently been repainted. It has a uniform appearance between all of the shops and a Planned Sign Program.**

Parking

This retail use known as “Alcohol Sales, Off-Site” requires one parking space per 250-square feet of unit square footage. At 1,180 total square feet, the proposed use requires 5 parking spaces. The center has 106 spaces altogether. Through past parking studies, it has been shown that this shopping center has already planned for retail store parking on the parcel. Therefore, no additional parking demand will be created by the use being approved with the existing shared parking lot.

RECOMMENDATION

The proposed use is harmonious with the other uses in the building as well as in the general neighborhood. Staff recommends approving the CUP with the understanding that the Applicant must obtain a type 21 (Off-sale General) liquor license from the California ABC and comply with all applicable state regulations and conditions imposed by the ABC, and must also obtain any required building permits for tenant improvements.

RESOLUTION 21-01

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LOS ALAMITOS, CALIFORNIA, APPROVING A CONDITIONAL USE PERMIT (CUP) 20-04 TO ALLOW ALCOHOLIC BEVERAGE SALES FOR OFF-SITE CONSUMPTION AT A 1,180 SQUARE FOOT UNIT IN THE GENERAL COMMERCIAL (C-G) ZONE AT 10680 LOS ALAMITOS BLVD., APN 242-245-01 (APPLICANT: MATTHEW HARRISON).

WHEREAS, a complete application for a Conditional Use Permit (CUP) was submitted by Matthew Harrison on December 15, 2020 requesting the Planning Commission to allow alcoholic beverage sales for off-site consumption at a unit located at 10680 Los Alamitos Boulevard; and,

WHEREAS, the application constitutes a request under Section 17.32.030 (Application Requirements) of the Los Alamitos Municipal Code (LAMC); and,

WHEREAS, alcoholic beverage sales for off-site consumption is a use permitted by a CUP in the General Commercial (C-G) zone in accordance with Section 17.10.020, Table 2-04 of the Los Alamitos Municipal Code (LAMC); and,

WHEREAS, the Planning Commission considered said application at a duly noticed Public Hearing on January 27, 2021; and,

WHEREAS, at this Public Hearing, the applicant, applicant's representatives, and members of the public were provided the opportunity to present written and oral testimony.

NOW, THEREFORE, THE PLANNING COMMISSION OF THE CITY OF LOS ALAMITOS DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. Conditional Use Permit 20-04 to allow alcoholic beverage sales for off-site consumption in a unit located at 10680 Los Alamitos Boulevard, is hereby approved based upon the following findings as required by LAMC Section 17.32.070 and subject to the conditions listed in SECTION 3 below:

- A. The proposed use is consistent with the General Plan and any applicable specific plan; there are no Specific Plans containing this parcel. The Los Alamitos General Plan designates this site for General Commercial, which is consistent with the General Commercial Zone. While not specifically mentioned in the General Plan, it is complimentary and does not contradict the current General Plan. While this approval is not a clear goal of the General Plan, it does maintain the mix of retail businesses in the City and in particular the retail in Center Plaza. It does support the economic vitality spoken of in the General Plan such as Goal 3 of the Economic Development Element that encourages, "Distinctive shopping and entertainment corridors

and districts that attract consumer spending by residents, workers, and regional visitors."

- B. The proposed use is allowed within the applicable zone and complies with all other applicable provisions of this Zoning Code and the Municipal Code; alcoholic beverage sales for off-site consumption are conditionally permitted uses in the General Commercial (C-G) zone. The alcoholic beverage sales for off-site consumption will be directed by the conditions of approval in SECTION 3. The sales through a type #21 alcohol permit is harmonious with the other uses in the building as well as in the general neighborhood.
- C. The design, location, size, and operating characteristics of the proposed activity will be compatible with the existing and future land uses in the vicinity; this unit for this project exists in structure with retail types of uses in mind, and has been designed to be compatible with the uses in the vicinity.

- D. The site is physically suitable in terms of:

1. Its design, location, shape, size, and operating characteristics of the proposed use to accommodate the use, and all fences, landscaping, loading, parking, spaces, walls, yards, and other features required to adjust the use with the land and uses in the neighborhood; The building on this parcel was constructed years ago, and all of the previously mentioned characteristics were designed to meet the standards that were current at the time. As well, there are no nearby residential properties.

2. Streets and highways adequate in width and pavement type to accommodate public and emergency vehicle (e.g., fire and medical) access; the unit for this business in this shopping center was originally built to meet the codes of the time. All access, as well as emergency access were designed to meet that year's current access standards, and have been upgraded from time to time through the years.

3. Public protection services (e.g., fire protection, police protection, etc.); this resolution contains conditions added by the Orange County Fire Authority and the Los Alamitos Police Department concerning any concerns they may have.

4. The provision of utilities (e.g., potable water, schools, solid waste collection and disposal, storm drainage, wastewater collection, treatment, and disposal, etc.). This unit and shopping center have been continuously served by adequate utility services without interruption.

- E. The measure of site suitability shall be required to ensure that the type, density, and intensity of use being proposed will not adversely affect the public convenience, health, interest, safety, or general welfare, constitute a

nuisance, or be materially injurious to the improvements, persons, property, or uses in the vicinity and zone in which the property is located. Alcohol sales are a common occurrence. The use will not foster circumstances that tend to generate nuisance conditions such as noise, glare, odor, or vibrations because it is a commercial shopping center that is consistent with the surrounding industrial and commercial uses. Further, conditions 13 through 19 have been added to help insure that the alcohol sales do not become problematic.

SECTION 2. This alcohol sales application is also hereby approved based upon the following findings as required by LAMC Section 17.28.060 and subject to the conditions listed in SECTION 3 below:

- A. The requested use at the proposed location will not adversely affect the use of a school, park, playground, religious institution, temple, or other place used primarily for religious worship, or similar uses within a 500-foot radius of the property, in or outside the City; none of these types of uses are within 500 feet of the parcel.
- B. The requested use at the proposed location is sufficiently buffered in relation to residentially zoned areas within the immediate vicinity so as not to adversely affect the area; the nearest residential property is 322 feet to the south. Commercial uses, including the Ganahl Lumber site, and Catalina Street serve as a buffer between the residential property and the proposed use.
- C. The requested use at the proposed location will not result in an undue concentration of similar premises. A separation of not less than 500 feet, from property line to property line, in or outside the City, shall not be construed as undue concentration. The applicant shall bear the burden of proof that a separation of less than 500 feet does not create an undue concentration of facilities for the sale of alcoholic beverages for off-site consumption within the community; Other than alcohol sales that are an ancillary use, in shops such as "Deux Amis," or in restaurants, such as Brew Kitchen Alehouse, the property line for this unit is 321 feet from the nearest other alcohol sales retail store, which is "Tubby's Liquor." With the other off-site alcohol retailers within less than 500 feet of this project the California ABC will need to make a determination if there is undue concentration. The Applicant is in the application process with ABC currently and ABC has not mentioned anything about undue concentration at the time this was written.
- D. The requested use at the proposed location will not adversely affect the economic welfare of the community; it supports economic vitality as it encourages distinctive shopping that attracts consumer spending by residents, workers, and regional visitors.

- E. The exterior appearance of the structure will be consistent with the external appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to not cause blight, deterioration, or substantially diminish or impair property values within the neighborhood; The Shopping Center building looks well-kept and has recently been repainted. It has a uniform appearance between all of the shops and a Planned Sign Program.

SECTION 3. Based upon such findings and determinations, the Planning Commission hereby approves Conditional Use Permit (CUP) 20-04 subject to the following conditions:

Planning

1. Approval of this application is to allow alcoholic beverage sales for off-site consumption at an existing retail unit located at 10680 Los Alamitos Boulevard, with such additions, revisions, changes or modifications as required by the Planning Commission pursuant to approval of CUP 20-04 noted thereon, and on file in the Development Services Department. Subsequent submittals for this project shall be consistent with such plans and in compliance with the applicable land use regulations of the Los Alamitos Municipal Code. If any changes are proposed regarding the location or alteration of this use, a request for an amendment of this approval must be submitted to the Development Services Director. If the Development Services Director determines that the proposed change or changes are consistent with the provisions and spirit of intent of this approval action, and that such action would have been the same with the proposed change or changes as for the proposal approved herein, the amendment may be approved by the Development Services Director without requiring a public meeting.
2. Failure to satisfy and/or comply with the conditions herein may result in revocation of this approval by the Planning Commission and/or City Council.
3. The applicant and the applicant's successors in interest, if any, shall be fully responsible for knowing and complying with all conditions of approval.
4. GENERAL INFORMATION

•Section 23790 of the Business and Professions Code says that ABC may not issue a retail license contrary to a valid zoning ordinance. This form will help us determine whether your proposed business is properly zoned for alcoholic beverage sales.

•A conditional use permit (CUP) (Item 11) is a special zoning permit granted after an individual review of proposed land-use has been made. CUP's are used in situations where the proposed use may create hardships or hazards to neighbors and other community members who are likely to be affected by the proposed use. The ABC district office will not make a final recommendation on your license application until after the local CUP review process has been completed. If the local government denies the CUP, ABC must deny your license application.

23790. Zoning ordinances. No retail license shall be issued for any premises which are located in any territory where the exercise of the rights and privileges conferred by the license is contrary to a valid zoning ordinance of any county or city.

Premises which had been used in the exercise of those rights and privileges at a time prior to the effective date of the zoning ordinance may continue operation under the following conditions:

(a) The premises retain the same type of retail liquor license within a license classification.

(b) The licensed premises are operated continuously without substantial change in mode or character of operation.

For purposes of this subdivision, a break in continuous operation does not include:

(1) A closure for not more than 30 days for purposes of repair, if that repair does not change the nature of the licensed premises and does not increase the square footage of the business used for the sale of alcoholic beverages.

(2) The closure for restoration of premises rendered totally or partially inaccessible by an act of God or a toxic accident, if the restoration does not increase the square footage of the business used for the sale of alcoholic beverages.

PLANNING COMMISSION/SUBDIVISION COMMITTEE AGENDA REPORT

MEETING DATE: January 27, 2021

ITEM NUMBER: 10A

To: Chair & Members of the Planning Commission

Presented By: Ron Noda, Acting Deputy City Manager

**Subject: Nomination and Appointment of a Member of the Planning
Commission to participate in the Town Center Mix-Use Survey**

SUMMARY

This report provides the Planning Commission with information regarding the Town Center Mix-Use (TCMU). The report also requests input into the nomination and appointment of one commissioner to participate in a survey (online and one on one) with the TCMU consultant – PlaceWorks.

RECOMMENDATION

1. Nominate and appoint a representative from the Planning Commission to participate in an interview with PlaceWorks.

Background

The City of Los Alamitos has contracted with PlaceWorks to create a strategic plan and environmental clearance document (CEQA) for the Town Center Mixed-Use (TCMU) zoning district. The work is funded through a grant that the City was awarded by the California and Community Development Department. The intent of the grant work is the planning for a design for the City's Town Center to enable developers with shorten entitlement periods for mixed-use projects. It will also allow the City to designate potential residential sited within the Town Center for the City's Regional Housing Needs Assessment (RHNA) numbers that will be mandated by the State of California.

PlaceWorks will be sending out a survey via emails to property owners (stakeholders) in the Town Center Zone in the upcoming weeks. They will also be conducting one on one interviews with a small sample size of property owners. After the survey and interviews, the consultants will be interviewing City Council members and having them complete a survey as well. PlaceWorks is requesting to interview one member of the Planning Commission but all commissioners will be able to participate in the survey.

The Town Center Mix-Use Zone is below:

City staff would like the Planning Commission to nominate and appoint one member to participate in an interview with PlaceWorks the week of February 8, 2021.

Fiscal Impact

There is no fiscal impact for the nomination and appointment of a Planning Commissioner to participate in an interview with the City's consultant.

It would be within 2 blocks of the school.

2-We need to keep our city clean and family friendly

I am writing this email because I am a concerned mother and resident of Los Alamitos. This city is my home and the home of so many great families. I was informed that you may approve a new alcohol license not only in our home, but very close to our only High School. I was immensely disappointed when I heard this because residents are already concerned with the current crime rates here. I cannot begin to understand how the planning committee thought it would be acceptable to support the addition of a new liquor store to lure more unwelcome criminals to our home. Instead of keeping our city safe and adding more family-friendly business here, we are inviting businesses that are known to attract problems. We are all aware of how these "bottle shops" use the loophole to get the alcohol license approved by well-meaning city officials. They get the approval to open as a high-end liquor store; fooling officials and residents into believing it won't attract the criminals the way a regular liquor store would. Once they get their license, they are able to flip the business into a regular liquor store, right under our noses. Please don't let this new loophole deceive you. A new liquor store is the last thing we need in our community. Please take the time to address all the concerns of the community before allowing harmful businesses to open here. Thank you and God bless.

Dear planning commission:

I would like to take a moment to voice in my concerns regarding the cup for alcohol license at 10680 Los Alamitos Blvd. As a member of this community, and a father of two I ask for you guys to decline a cup at this location or any location near the school. We need to grow our city with positive safe businesses for our kids and our families. I ask to use a wise judgement and not allow any more businesses that will bring trash to the area.
Thank you so much for all your hard work to make this city a safe haven.

Hello,

I've been made aware that another liquor store might open near Los Al high school.

I'm writing to express my opposition towards approval. There is already a liquor store near the high school and now with Haven open, I'm concerned about how easily accessible drugs and alcohol are for our school aged children. Additionally, I believe that installing another liquor store in this location will have negative impact on our housing prices.

Thank you for considering my opinion.

Hi there. My name is Jennifer Crabtree and I wanted to send this email as opposition to the opening of ANOTHER liquor store on Los Alamitos Blvd.. Los Alamitos prides itself as a safe, family focused city. I feel bringing in another liquor store not only goes against this but also brings unwanted attention for the wrong reasons. As a resident I have already noticed a stronger presence of homeless people and have needed to take extra precautions in providing protection to my property and home. As a mom of three small kids I wish that The city would consider bringing more businesses that cater to young families, Food or entertainment. Not another alcoholic establishment directly across the street from one that already exists is completely unnecessary and a waste of valuable business space.

Thank you for your consideration.

I'm writing this email to voice my protest and concern about issuing more liquor licenses in our city! We're not in need of any new liquor retail stores. The influx of these type of retail shops hurts the city in my opinion. Let's keep our city free from these types of shops. And more so, it's extremely concerning that this store will open in such close proximity to our local High School. Please vote no on issuing these licenses.

I have seen the public hearing notice and completely disagree with what it states where "To allow alcoholic beverage sales for off-site consumption at a 1,180 square foot unit in general commercial"

it completely goes against family values which are deemed important to our families and friends that live in Los Alamitos. The bottle shops are the same as liquor stores, but under an undercover name, they are the same exact things as liquor stores just a different name.

I hope you can understand that this resolution numbers 21-01 should not be allowed and it is not favored by the people of Los Alamitos.

Dear Sir or Madam;

I am writing this email to express my concern, on behalf of my community, regarding the public hearing happening on 1/27/21.

For the interests of our community I am hoping that you do not allow this alcohol permit to go through. We do not need another liquor or bottle store around here. We have too many as it is. It will only attract more crime and vagrancy in the area. The area already has a major homelessness problem. Back in October there was a homeless man who shot at the police just off the 605 freeway, which is only a few blocks away. This incident shut down my 14 year old son's middle school and put them in lockdown, which was very scary for everyone, especially him. He is nervous about walking in the area around the school now.

My son and I both have had some bad experiences with homeless people in the area. Some are just mentally unstable people and need help, but I know others are just abusing alcohol and drugs. They are urinating and exposing themselves in public. Others hanging around local businesses are waiting out front with all of their belongings and begging for money or food or alcohol. It really makes me feel uncomfortable shopping at local retailers in and around this area for fear of getting caught up in an awkward situation or even worse, violence.

I understand you need to make a decision in this matter, but please consider the well being of our children and our community before doing so. I, on behalf of the community and people, request that you take different measures.

Thank you.

To whom it may concern;

This email is in regards to another liquor license that is being granted to a liquor/beer/wine store. Don't we have enough stores that sell alcohol and cigarettes in the area. And furthermore, isn't this place awfully close to the 2 middle schools and the high school in the area as well? I understand that the existing businesses that are operating have probably been grandfathered in, but I don't believe it is right to the kids or the community to allow any more of these liquor or bottle stores be granted a license to sell in such close proximity to our education institutions.

It's bad enough there are medical marijuana and CBD stores nearby, and even the smoke shops, but alcohol of any kind is a completely different problem. It will only cause more public intoxication, crime, and violence, but this is going to cause more people to be operating a motor vehicle while intoxicated in or near a school zone. A report was just published the other day stating that the amount of cars on the road are down due to COVID 19, but the amount of accidents are up as well as the severity of these accidents due to excessive speed as well as alcohol/drug intoxication while driving.

Please reconsider your decision of allowing the alcohol permit to be granted in our community. Thank you, take care, and stay safe.

Sincerely,

Jared Nichols

Dearest Planning Commission -

I would like to take this opportunity to weigh-in as a citizen of Los Alamitos pertaining to the proposed new liquor license in question - Directly across from the currently active liquor store.

I feel that this is the time and tipping-point to truly make the positive decision to not allow even more liquor access to our beloved community. The need for booze is already covered by the existing businesses and feel that the transient/derelict population would only present a larger population and problem should we open-up the valve to more access to alcohol. I feel strongly in this same vein with respect to marijuana dispensaries and do not see the risk or import of \$\$ outweighing the risk.

This is not to mention the fact that the proposed location is right near the high school and ultimately not going to improve or enhance the public display of decency and class that Los Alamitos has enjoyed for many years, in the forefront. This viewpoint might seem like an over-reaction, however I have enjoyed the area before these institutions were allowed and obviously after. There are more intangibles that come along with these monetary decisions. I would like to please keep our home clean, classy, safe and free of the element that will surely be attracted to and occupy these areas. If not for us - Let's please set the right example for our youth who depend on us for setting the stage for a safe and decent environment.

I know this is just one voice and opinion, however I have experienced enough delinquent change and pay enough each year to at a minimum have my voice and opinion made public. I see the direction and these types of choices really shaping the future of our great community in ways that are important to get right now, rather than having to react to undesired consequences after it goes wrong. We lean on and expect you to keep the direction and clean growth of our community respectable. It is too late for Long Beach, however let's please have a safe and secure place to fall and relax after a hard day's work. This would not be inclusive of the element that these types of business will provide.

Highest Regards - Reliable and committed tax-payer and voter of Los Alamitos, who takes quite a bit of pride in seeing that our wonderful community if kept exactly that way.....

It has been brought to my attention that another liquor store may be opening in Los Alamitos near the high school.

There are many concerning factors here. There has been a huge increase in the homeless population in this area which seems to be ignored and has prevented my kids from having the ability to walk or ride their bikes to school in fear of their safety. Now, you add another liquor store near their schools, which will attract the homeless and increase consumption of more concentrated alcohol only to worsen the current situation.

I write this email in hopes that the City Counsel will reconsider this opening and put the safety and well being of the children in this community first.

According to Adoption Resolution No. 21-01, which states alcoholic beverage sales are allowed for off-site consumption, it completely disregards families who voice their opinions for a safer and cleaner community.

Our community is built on family-friendly business, and spaces, by approving use permit (CUP) 20-04, the city of Los Alamitos is silencing the voices of their community members who work towards guaranteeing a secure, pleasurable and upstanding city for all residents.

I, like many other community members, firmly oppose this resolution and hope the city council chamber will reconsider this permit, Our community is not in need of alcoholic licensing, we need safer spaces for our families, children, and residents of all ages.

I would like to start off by thanking each one of you for doing your part in maintaining and improving our delightful city. I am writing to you to object the issuing of a new off-site alcohol license on [10680 Los Alamitos Blvd.](#) In a city that is only 4 square miles, we already have 42 active on-sale and off-sale licenses. We currently have enough opportunities to consume alcohol in this city. My niece was injured in an accident involving a drunk driver in Los Alamitos 3 years ago. I fear that if we give drivers more places to buy alcohol, we will be seeing more alcohol related accidents, and risking losing innocent lives. You are a leader in this community, so I ask you to please consider protecting the community by denying more alcohol licenses from coming to our town. Thank you.

Good evening,

I am writing tonight to clearly express that I OBJECT to the application for the Conditional Use Permit for the use of Alcohol Sales at location 10680 Los Alimitos Blvd.

I OBJECT this idea completely because I feel like there are already too many places to purchase alcohol and we should be working on bringing more variety of businesses to better serve the community. I am looking to better the quality/reputation of the community as well as protect our property values.

There have also been various reports on the news on how Covid quarantine has been responsible for alcohol abuse. Adding another establishment that sells alcohol would just make this more convenient and prevalent in our neighborhood.

Thank you for taking the time to read my thoughts.

Los Alamitos City Planning Commission,

It has come to my awareness that the city is asking for more alcohol licenses. We do not need any more places for alcohol, especially near a high school. It is making booze too easy to access when students get out of school and wonder the streets. Los Alamitos has enough liquor stores. It is a prominent city who should maintain its status. There are enough places of convenience nearby. This permit should not be allowed as is not needed in Los Alamitos.

Dear Planning Commission of Los Alamitos,

I would like to begin by saying that I support Mr. Harrison's effort to open a new business in these difficult times. I wish him the best of luck on his journey but I do not support the location that he has chosen due to the close proximity of the site to two already-licensed establishments (7 Eleven and Tubby's Liquor).

I am the owner of Tubby's Liquor located at [10601 Los Alamitos Blvd](#). I received a notice from the city of Los Alamitos about the potential new off-site alcohol license 300 ft from my business. Under the Los Alamitos municipal ordinance, 17.32.070 Finding "E" states that the new establishment shall not be materially injurious to the uses in the vicinity. If this alcohol license is issued, my small business would severely be affected. Findings cannot be made for this CUP because the establishment of this liquor store will hurt surrounding businesses such as mine. The Los Alamitos Planning Commission has the responsibility to make sure the uses in its city are successful and need to support its already established businesses.

Due to Covid-19, this past year has already had dire impacts on our business. Adding to these increasing stressful times, allowing more alcohol beverage locations to flood our market would be devastating to our business and to our recovery process.

In many cases, someone who proposes to open a bottle shop will have a different agenda. A bottle shop is just a fancy word for a liquor store, and they are not limited to selling just high-end products.

As a business owner and tax payer in this wonderful city, my plea to you is to be mindful of the effects your decision may have on my business.
