TRAFFIC COMMISSION AGENDA
REGULAR MEETING

Wednesday, March 13, 2024 – 7:00 PM

NOTICE TO THE PUBLIC - This Agenda contains a brief general description of each item to be considered. Except as provided by law, action or discussion shall not be taken on any item not appearing on the agenda. Supporting documents, including staff reports, are available for review at City Hall in the City Clerk's Office or on the City's website at www.cityoflosalamitos.org once the agenda has been publicly posted.

Each matter on the agenda, no matter how described, shall be deemed to include any appropriate motion, whether to adopt a minute motion, resolution, payment of any bill, approval of any matter or action, or any other action. Items listed as "for information" or "for discussion" may also be the subject of an "action" taken by the City Council at the same meeting.

Agenda-related documents provided to a majority of the City Council after distribution of the Traffic Commission agenda packet (GC §54957.5) will be made available for public inspection at the meeting. Such documents will also be available at the City Clerk's office, 3191 Katella Avenue Los Alamitos, CA 90720.

In compliance with the Americans with Disabilities Act, Assistive Listening headphones are available and can be checked out from the City Clerk. If you need special assistance to participate in this meeting, please contact the City Clerk at (562) 431-3538, ext. 220. Notification at least 42 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. [28 CFR 35.102.35 ADA Title II]. Language translation services are available for this meeting by calling the City Clerk's Office at least 42 hours in advance.

If you are unable to attend this meeting in person, you may submit comments on any agenda item or on any item not on the agenda by email to cityclerk@cityoflosalamitos.org with the subject line "TRAFFIC COMMISSION PUBLIC COMMENT". Comments received by 3:00 p.m. the day of the meeting will be compiled, provided to the City Council, and made available to the public before the start of the meeting. Staff will not read email comments at the meeting. You may also view the meeting live on local cable channel 3.

If, as an attendee, or a participant at this meeting, you will need special assistance beyond what is normally provided, please contact the City Clerk's Office at (562) 431-3538, extension 220, 48-hours prior to the meeting so that reasonable arrangements may be made.

Carried 7/0: Traffic Commission approved the Regular Meeting Minutes of January 10, 2024, with noted revisions.

6. STAFF REPORTS

A. Neighborhood Permit Parking and Street Sweeping Survey

Development Services Director Noda summarized the staff report.

Commissioner Patz asked and received clarification from Development Services Director Noda that parking permits are valid for one calendar year and need to be renewed.

Commissioner R. Hill and Commissioner Marchese requested the survey results to be broken down by neighborhood.

During Public Comments, Los Alamitos Resident Peter Peltz discussed the following concerns in his neighborhood:

- Not enough parking due to the following reasons:
 - Commercial and oversized vehicles
 - Cars parked in the same spot over 72 hours
 - Vehicles with expired registration
 - Vehicles parked illegally in the alleyway
 - Catalytic converter theft
- Mr. Peltz also commented on coyotes wandering in the streets.
- Mr. Peltz suggested instituting permit parking for his neighborhood.

Commissioner R. Hill recommended vehicles park in the garage.

Commissioner D. Hill asked and received clarification from Mr. Peltz that each household has assigned parking other than their garage.

Sergeant Malatesta informed that personnel will not cite cars with registration expiration of less than two months and will not tow until expiration has surpassed six months. He suggested Mr. Peltz call the Police Department to report any vehicles whose registration had expired over six months or parked in the same spot for more than 72 hours so the issue could be addressed.

Development Services Director Noda clarified that when identifying vehicles that are parked in the same spot over 72 hours, the marking is done on the pavement around the vehicle's tire.

Commissioner R. Hill stated the primary reason permit parking is issued in the City is in response to high school students and parents parking in the area.

Mr. Peltz informed Commissioner R. Hill that he lives two blocks from Katella Avenue, so student parking is not an issue.

Commissioner Patz stated that if a garage is not used for its intended purpose, the City cannot address that problem.

Commissioner Patz explained the process for applying for permit parking in his neighborhood. He informed Mr. Peltz that it is decided by a majority vote from the residents in the area, and if Mr. Peltz wanted to start the process, the City could provide the details and the necessary number of resident signatures.

Commissioner Marchese stated she drives through the neighborhood and understands Mr. Peltz's concerns and there will need to be multiple solutions to address his concerns fully.

Mr. Peltz suggested driving down the alleyway at night to see that there were cars blocking the fire lane at night because no parking was available.

Vice Chair Mejia stated that he understands the parking issue because he lives in the area. He recommends focusing on illegal parking and expired registration to help with the issue.

Mr. Peltz inquired about the new daylighting law and wanted to know if it is applicable to all driveways and crosswalks.

Development Services Director Noda informed Mr. Peltz that the Development Services Department would review the law.

Chair Murphy stated that permit parking will not change the scenario if the regulation of the number of cars per household is not set.

Commissioner Patz clarified that the vehicle and address on the driver's license must match the property address.

Los Alamitos Resident Steve Hickox inquired about the issuance of permits to commercial vehicles.

Sergeant Malatesta clarified that if a vehicle is personally owned, insured, registered and the owner lives in the area and is parking the vehicle to go home, it is not illegal.

Development Services Director Noda informed Mr. Hickox that the City has strict parking rules, and if the residents in the household do not utilize their assigned parking area for parking, the City cannot address that.

Mr. Hickox suggested street marking for parking in the neighborhood.

Commissioner D. Hill asked and received clarification from Development Services Director Noda that the address on the driver's license and vehicle registration must match in order for a resident to apply for a permit.

Commissioner Marchese suggested separating the Apartment Row neighborhood issue separately.

Commissioner Patz asked and received clarification from Development Services Director Noda that if the City does not meet the tonnage for street sweeping, they can be fined or restricted in future state funds.

Vice Chair Mejia inquired about a rental car rental business in his neighborhood. Sergeant Malatesta stated that those vehicles can be considered commercial vehicles, and Code Enforcement can investigate.

Vice Chair Mejia inquired about retrieving data on how many street sweeping tickets are issued by area. Sergeant Malatesta stated he would advise.

Sergeant Malatesta confirmed a ticket would not be issued if the street sweeper had passed already.

Development Services Director Noda informed that anonymous reports to Code Enforcement can be submitted on the MyLosAl phone application.

Commissioner Rojas asked and received clarification from Development Services Director Noda that the municipal code requires the City to look at the permit and street sweeping program every five years.

Commissioner Rojas inquired if there is a municipal code for a vehicle to be parked in the garage. Development Services Director Noda stated that he will advise.

B. Traffic Commission Status Log

The Traffic Commission reviewed the status log and no additions or changes were made.

8. FROM THE DEVELOPMENT SERVICES DEPARTMENT

Development Services Director Noda discussed the following:

- February City Council Meeting will take place on Tuesday, February 20th
- Race on the Base is scheduled on April 13th
- Additional red-light cameras will be installed at the intersection of Katella Avenue & Los Alamitos Boulevard and Katella Avenue & Bloomfield Street.
- Los Angeles County Sanitation District emergency work for sewage repairs to start in March.

Commissioner Patz asked for and received clarification from Development Services Director Noda that the red lights will be installed next week, and the cameras will be live at the end of March.

9. TRAFFIC COMMISSION INITIATED BUSINESS

None.

9. ADJOURNMENT

Motion/Second: R. Hill/Patz

Carried 7/0: The Traffic Commission unanimously voted to adjourn the meeting until March 13, 2024.

The Traffic Commission adjourned at 8:45 p.m.

TRAFFIC COMMISSION AGENDA REPORT

MEETING DATE: March 13, 2024

ITEM NUMBER: 6A

To: Chair Murphy & Members of the Traffic Commission

Presented By: Ron Noda, Development Services Director

Subject: Red Curb Request: 3902 Katella Avenue - Alamitos West Skilled Nursing Facility

SUMMARY

Request from the Orange County Fire Authority (OCFA) to extend the red curb in front of 3092 Katella Avenue (Alamitos West Skilled Nursing Facility).

RECOMMENDATION

1. Consider and discuss the extension of the red curb as requested by OCFA.
2. Provide directions for staff.

BACKGROUND

The City received a request from the Orange County Fire Authority (OCFA) to extend the red curb in front of Alamitos West Skilled Nursing Facility located at 3902 Katella Avenue. Alamitos West Skilled Nursing Facility has been in the Los Alamitos Community since 1978 and is committed to assisting each resident and patient to lead a purposeful life by receiving support through a wide range of nursing care and restorative therapies. The site requires frequent 9-1-1 services and OCFA has requested an extension of a red curb for the safety of their first responders and equipment and to not impede traffic flow on Katella Avenue.

DISCUSSION

Alamitos West Skilled Nursing Facility has been in the Los Alamitos Community since 1978 and is committed to assisting each resident and patient to lead a purposeful life by receiving support through a wide range of nursing care and restorative therapies. OCFA responds frequently to the facility and current practice is to park their vehicles in the traffic lane, therefore impeding traffic flow. This practice also poses a significant risk to their equipment and first responders. The image below depicts the area requested by OCFA, to extend the current twenty (20) feet of red curb to approximately forty (40) feet, so their vehicles may safely park, increasing safety and reducing traffic flow.

FISCAL IMPACT

If approved, the City's Public Works Division will extend the recommended red curb as identified. Labor and supplies will be taken out of the Development Services Street Division budget.

Mr. Ron Noda
Development Services Director
Los Alamitos

Mr. Noda,

OCFA is requesting your support for firefighter safety. We request increasing the red zone space on Katella in front of the Alamitos West Skilled Nursing Facility at 3902 Katella Ave, Los Alamitos. Alamitos West hosts many elderly residents who frequently require 9-1-1 services. The current practice is to park in traffic lanes and impede traffic flow. Cars are often seen not slowing down and passing our firefighters at unsafe speeds. This increased space provides the firefighters parking space off Katella, out of the traffic, and close to their access to the facility during 9-1-1 responses. It increases safety for themselves and the patients being loaded into the ambulance while reducing traffic disruption and minimizing the potential for accidents.

I am available to discuss this anytime should you have further questions.

Respectfully,

Craig Covey, Division Chief
OCFA Division 1

Subject: Red zone proposed for 3902 Katella Avenue

Good afternoon.

My name is Jon Perez.

I have been the administrator at Alamitos West Health & Rehabilitation (AWHR) since June 2022.

During my time the staff have reported that 911 responders have expressed concern over the dangers of parking in front of the center (3902 Katella Avenue).

Currently, the only nearby red zone is in front of a fire hydrant that is located about five or six vehicle lengths east of the main entrance on Katella Avenue (See the attached images).

I spoke with Captain Sandidge on February 8, 2024, about this concern.

Interestingly, he shared that a red zone was recently added to the front of our sister center, Katella Senior Living (3952 Katella Avenue).

In any case, we still have a safety concern for responders visiting our center.

- AWHR receives three to four 911 visits per week.
- An emergency vehicle's mirror has been knocked off by passing traffic.
- Responders have nearly been hit by passing traffic.
- Traffic delays are caused by emergency vehicles being double-parked on Katella.
- Delays to care can occur as personnel wait to exit vehicles safely.

This email is to request that the city consider lengthening the hydrant's red zone a few feet west toward the main entrance of the center.

Please do not hesitate to call me if you have any questions.

Thank you.
